PROFESSIONAL SUMMARY

Full stack web developer with **5+ years of experience** building and maintaining websites for small businesses and large enterprises in the US, Europe and Bangladesh. Expert in **WordPress** (XStore, Woodmart, Martfury, Elementor Pro), **WooCommerce**, **Shopify** and **Wix**, and builds modern web applications with **React, Next.js, TypeScript, Node.js and Laravel**. Strong in SEO, speed optimisation and clean, responsive UI. Communicates clearly with clients, designers and cross-functional teams, is honest about timelines and keeps up with modern web development practices.

WORK EXPERIENCE

Hexa's Zindabazar
Zindabazar, Sylhet

Web Developer
Jan 2026 – Present

- Built and maintain the official website of an IELTS & Spoken English institute (**hexaszindabazar.com**) using WordPress and the XStore theme.
- Created course pages, exam registration, student success showcases and a blog that staff can update without code.
- Improve page speed, mobile experience and local SEO on an ongoing basis so students find the institute on Google.

Fiverr
Remote

Freelance Web Developer & Designer
Feb 2021 – Present

- Develop and maintain **WordPress, Shopify and Wix** websites for small businesses and large enterprises — 110+ projects with 99% client satisfaction and consistent five-star reviews.
- Customise WordPress and Shopify **themes, plugins and apps**; design Wix websites and Wix Stores.
- Specialise in **SEO and speed optimisation** with XStore, Martfury, Woodmart, Elementor Pro, Contact Form 7 and Gravity Forms.
- Build custom front ends with **React and Next.js** and write clean HTML, CSS and JavaScript to solve client issues.

GreatestDeals LLC
Playa Del Rey, CA (Remote)

Website Admin & Developer
Jan 2023 – Dec 2023

- Designed and built a full **e-commerce website**: theme installation and customisation, plugin setup, 25+ pages, contact forms and popups.
- Configured **WooCommerce** — SEO-optimised product uploads, payment gateway integration and shipping options.
- Delivered full-site **SEO**, **speed optimisation** and email marketing.
- Handled ongoing product uploads, site maintenance and problem solving for customers.

MetaTechDesk
New York (Remote)

WordPress Developer
2 years

- Built and maintained client websites with **Elementor** — custom layouts, responsive design and site management.
- Tuned performance and fixed issues on live client sites to keep them fast and stable.

SELECTED PROJECTS

BazarDor — Bangla Market Price Tracker

bazardor-puce.vercel.app

Next.js (App Router) · React 19 · Tailwind CSS 4 · daisyUI · Better Auth · MongoDB Atlas

- Shows today's grocery prices with daily changes and min / max / average prices across 12 markets, all in Bangla digits.
- Live price ticker, sortable category pages and a protected product page with Email, Google and GitHub login.

Suvo Pharmacy — Online Medicine Store

pharmacy-omega-ashen.vercel.app

React · TypeScript · Vite · Tailwind CSS · Gemini API

- Medicine search, categories, prescription upload, offers, order tracking and a pharmacist desk in a clean healthcare UI.

School Website — Education Portal

school-website-ten-fawn.vercel.app

React · TypeScript · Vite · Tailwind CSS

- Responsive school site with academics, admissions, notices, events, teachers and a fast-loading photo gallery.

FireBar Labs — E-commerce Store

firebarlabs.com

WordPress · XStore · WooCommerce · Elementor

- US store for smell-proof bags, apparel, hemp products and pet CBD with product variations and a smooth checkout.

Home Furnishings Depot — NYC Furniture Store

homefurniturenyc.com

WordPress · XStore · WooCommerce · Elementor

- Large, image-heavy furniture catalog organised by room, optimised to load fast on every device.

Dev Stack Builder

dev-stack-builder-five.vercel.app

React (Vite) · Tailwind CSS · DaisyUI · React-Toastify

- Explore technologies and build a personal developer stack with an interactive sidebar and toast feedback.
